PRESIDENT'S REPORT on 2018

I am very much a glass half-full person rather than a glass half-empty one, but looking round at many aspects of life today, one gets the feeling that some people and a lot of organisations, public and private, are trying to pinch a sip or even a slurp out of my half of the glass. It is, therefore, such a pleasure and very heartening to be involved with a village such as Mayfield and particularly the Horticultural Society, where everyone puts in more than they get out. I always found working with the society to be fun. That's why I have stayed for the best part of 40 years!

Your society has existed since 1896 when the first show was held on the cricket ground. It included children's sports and a poultry show. One of our cups is still engraved, "Best Bird in Show"!

We have existed in a number of forms and under a number of names. Whenever it showed signs of flagging, enthusiasts appeared to revive it. In the early days, cottagers and those with gardens competed in separate classes. The early shows included a "Ladies Slow Bicycle Race" and in 1898, The Courier reported that the prizes were 'on a very liberal scale'.

It must have been very competitive at times because it was reported that a cup awarded to a school sports team was returned to the show secretary 'squashed as flat as a pancake', as they had fought over it on the way home!

In 1996 a booklet was published, with the support of The Courier, giving a history of the Society. I believe there may still be a few around.

The Rev. Hole, Dean of Rochester and a great rosarian, wrote at the end of the 19th century,

"The enjoyments of a garden being so manifold and continuous, bringing brightness to the home, health to the body and happiness to the mind, it is for us who have proved them, whose daily lives are made more cheerful by their influence, out of our gratitude and goodwill, to invite and instruct others that they may share our joy." A bit 'flowery' perhaps, but still true!

It is a great privilege to be president of your Society and work with so many nice people. Thank you all, whatever part you play, for keeping that glass well and truly topped up!

RECIPES

Tea Loaf

2 breakfast teabags
100g sultanas
100g glacé cherries
2 medium eggs
Clear honey to glaze
125g caster sugar
100g raisins
225g self-raising flour
Zest of 1 orange

Place teabags and sugar in a bowl, pour on 300ml of boiling water. Leave to steep for 5 minutes, remove teabags, add raisins and sultanas and allow to stand for 12 hours. Add the beaten eggs, flour, cherries and orange zest and beat well. Pour mixture into a lined 1kg loaf tin and bake for 1-1¼ hours on gas mark 4 (180°C) or until a skewer comes out clean. Turn out of tin and brush the top with honey to glaze. Any teabags can be used but Earl Grey is especially good.

Chocolate Chip Flapjacks

Makes 24 squares

8oz/225g butter/margarine
8 oz/225g demerara sugar
2 tbsp golden syrup
10oz/275g porridge oats
4oz/100g plain chocolate chips

Pre-heat the oven to 160°C/325°F/Gas 3.

Lightly grease a 12 x 9 inch (30 x 23 cm) roasting tin.

Melt the butter/margarine in a pan with the sugar and syrup and then stir in the oats. Mix well and leave to cool before stirring in the chocolate chips (do make sure the flapjack mixture is quite cool before adding the chocolate chips or they will simply melt into the mixture instead of staying whole). Turn into the prepared tin and press flat with palette knife or the back of a spoon.

Bake in the pre-heated oven for about 35 minutes or until pale golden brown. Remove tin from the oven and then leave to cool for about 10 minutes. Mark into 24 squares and leave to finish cooling in the tin.

SHOW RULES

- 1 All classes open, except classes which are stated as for members only.
- 2 All exhibits must be grown by exhibitors and have been in their possession for at least two months before the show, except where otherwise stated. This does not apply to the classes for floral art (except Class 65), craft, domestic and photography.
- 3 Only one entry per class per person will be allowed.
- 4 Two people who share the same garden may not enter the same horticultural class. This does not apply to children.
- 5 The judges have the power to withhold prizes if exhibits are unworthy or there are insufficient entries.
- 6 All exhibits are to be staged at times specified and cannot be removed before the presentation of the cups but should be collected by 5pm.
- 7 The committee reserve the right to inspect any exhibitor's garden after the show.
- 8 Any complaint regarding any exhibit must be made to the Show Secretary before 3pm on the day of the Show.
- 9 The judges' decisions are final. Horticultural classes will be judged in accordance with RHS rules.
- 10 Classes must be staged according to schedule.
- 11 No computer enhancement allowed in photographic classes except where stated.
- 12 Children's cups will be retained after the show for engraving, where applicable. Adult cups can be engraved at recipient's own cost.

JUDGE'S HINTS FOR EXHIBITORS

Vegetables

Potatoes - should have uniformity in size, should be water washed but not scrubbed or polished.

Onions - size is important, but only if coupled with good shape, soundness and even, ripe skins. A medium-sized onion in this condition should always beat a large, thick-necked, soft, over-skinned specimen. Rings will be provided for onions or bring your own sand if preferred. Do weigh onions to ensure they are in correct class.

Carrots and parsnips - should be young and tender. Runner beans - take extra points if nice and long, but not if they are tough, of poor shape, colour or uniformity.

Peas - should be young and the pods should be full.

Beetroot - good colour and uniformity, tops trimmed.

Cabbage - a very large cabbage with plenty of livestock in the heart, for instance, will lose out to a smaller head when presented clean, with root cut off and only a stalk left.

Garlic - is not a root vegetable. Name varieties where possible - in the event of a tied position the exhibit with variety named will take precedence.

All vegetables in classes 4-32 must be of one variety unless otherwise stated

Flowers

Cultivar: This is a variety or strain of a plant species which has occurred in, or been produced through, horticulture and is maintained in cultivation. Cultivar names are in quotes or have 'cv' before the name (cv is short for cultivated variety), e.g. Aster amellus 'Blue King'; Dahlia 'David Howard'; Rosa moyesii 'Geranium'; Miscanthus sinensis cv Zebrinus.

There is an RHS guide for showing, which shows exactly what judges are looking for, with tips for showing - have a look at it if you are keen!
